## Data Sheet: Golden West dexos1™ Full Synthetic 5W-30 Motor Oil

Available:

BULK

55/1

12/1 Quarts

### Product Application: SN and GF-5

dexos1™ is the only motor oil approved and licensed by General Motors for warranty services for all 2011 model year and newer GM gasoline engine cars and trucks. dexos1™ supersedes the GM6094M, GM4718M, and GM-LL-A-025 specifications for 2010 and older GM vehicles and is now the only motor oil GM recommends for those vehicles.

Golden West dexos1™ 5W-30 is a full synthetic formulation using the most advanced additive technology available to meet the latest (2011) fuel economy standards while exceeding the specifications for wear control, piston deposits, cleanliness, varnish and sludge, oxidation control, and emission system/seal compatibility. This formulation also meets the performance requirements of ILSAC GF-5 and API-SN specifications.

Typical Analysis: GF-5	5W30
@40° C, cSt	57.07
@100° C, cSt	10.27
Viscosity index (ASTM D2270)	178
API Gravity	32.0
Flash Point, COC, °F	400
Pour Point, °F	-49
CCS Viscosity™ -30°C (mPa.s) (ASTM D5293)	4337
NOACK Volatility (% wt) (ASTM D5800)	0.0845

### Benefits

- Advanced viscosity control and shear stability
- Lowest levels of weighted piston deposits
- Highest level of high temperature deposit control
- Advanced wear protection—measured in atoms per hour
- Most advanced protection against varnish, corrosion, sludge, and foaming to prolong engine life
- Highest established levels of fuel economy
- Extremely low volatility—reduces oil consumption
- Exceeds GF-5 and dexos1™ specifications for oxidation control, wear control, cleanliness, sludge, plus emission system and seal compatibility

Golden West dexos1™ is specified for use in GM gasoline engines, but may be used wherever ILSAC GF-5 and API-SN or previous specifications are called for.

Golden West dexos1™ 5W-30 is licensed and approved by GM for use in 2011 or newer model year GM gasoline engine cars and trucks: GM License No. RR1A1216032.
